SUPERVISORS IN SESSION

The Board of Supervisors met in regular session Monday, July 17, at 10 a. m., there being present Jos. M. Francis, presiding; Jas. T. Casey, Wm. H. Brown, John MacBain and C. V. Thompson.

The minutes of the meetings of July 3rd and 10th were read and approved.

On motion of Casey, seconded by Brown, the county surveyor was instructed to make the necessary survey to continue the work of the new Holy Cross road.

A petition, signed by Percy Hannigan and other residents of the First Road District, was received, asking the board to close Pacific avenue and Montecito avenue at Brighton Beach. Hannigan addressed the board, in behalf of the petition and stated that the reason for wishing the streets closed was to enable the owners to carry out a different plan of resubdividing the property and putting in 20 foot lanes instead of the streets.

Upon the advice of District Attorney Swart, the board decided, on motion of Casey, seconded by MacBain, to set a day for hearing any protests that might come up against the closing of the said streets. August 7th was selected for the day of hearing.

A communication was received from H. A. Bewley, City Clerk of San Bruno, complaining against the dumping of garbage into the creek channels just outside the city limits of the above place. The matter was referred to District Attorney Swart, on motion of Casey, seconded by MacBain.

The report of James R. Eubanks superintendent of the County Farm and Hospital, showing that he had taken care of 43 inmates during the month of June, of which number 10 had been discharged and 2 had died.

James Pickett of Redwood City was granted a permit to peddle in the county, on motion of MacBain, seconded by Casey, and the usual fee of \$10 was waived, when Supervisor MacBain explained that Pickett was in such poor physical health that he was unable to perform manual labor.

A communication was received from Mary E. Read, Corps Secretary of General George S. Evans No. 36, W. R. C., asking for the annual donation of \$50 for taking care of the Grand Army plot in the Union Cemetery, Redwood City. The donation was granted, on motion of MacBain, seconded by Thompson.

A communication was received from W. A. Price, clerk of the town of Redwood City, stating that the board of trustees of said town had approved the map of Redwood Heights which has been presented to them by County Surveyor James V. Neuman. The communication was ordered filed.

G. Mills of Halfmoon Bay was granted a license to peddle fruit in the county, on motion of Brown, seconded by Thompson.

A communication from the Preparedness Parade Committee of San Francisco was received, inviting the citizens of San Mateo county to participate in the above parade which is to be held in San Francisco on July 22. The communication was ordered filed.

An application was received for state aid from two half-orphan children living in Halfmoon Bay, which was granted, on motion of Brown, seconded by Thompson.

R. F. Chilcott appeared before the board and asked that the selection of the trustees for the new Mosquito Abatement District be made. The board, thereupon, on motion of Brown, seconded by Thompson, appointed the following men to act as trustees of the said district:

A. C. G. Hahn and W. J. Murra; for Menlo Park; H. A. Hinman and Fred Kendall for Belmont. The town trustees of Redwood City were to appoint their representative at the next meeting of their board.

A communication was received from J. A. Folger who owns a home at Woodside, asking the board to take some action toward securing the delivery of about 100 cords of wood which were all that had been cut during the construction of the new La Honda road. The understanding at the time was that the wood cut to make way for the road would be placed where it would be accessible for hauling. Owing to the condition of the roads the past two winters it was impossible for Folger's teams to get the wood out, and the greater portion of it had either been buried or burned by the construction camps.

It was decided on motion of MacBain, seconded by Thompson, that the county haul the wood to the home of Mr. Folger without any expense to the latter.

On motion of MacBain, seconded by Casey, Supervisor Brown was given permission to purchase the following culvert pipe for use in his district:

Forty-six feet of 18-inch; one-hun-

dred and six feet of 12-inch and sixty feet of 15-inch.

On motion of Thompson, seconded by Brown, County Engineer Neuman was instructed to have Contractor Lou G. Hare repair the bridge across the New eara creek, so that the latter could get his roller over in order to work on the Pescadero to Santa Cruz county line road.

Supervisor MacBain called the members' attention to several places in the new La Honda road where the embankment has cut away almost to the concrete. The members decided to go over the entire road with Engineer Neuman the following Thursday to see what is necessary in the way of repairs for the road.

Two claims, one of the Belmont Garage for a new Buick automobile for the County Farm and Hospital, and the other of Wm. T. Toepke for services rendered, were allowed, on motion of Brown, seconded by MacBain.

This being the day set for the hearing of the report of the viewers of the Pescadero to San Gregorio road, District Attorney Swart read the said report showing the amount allowed each of the owners of the property over which the road is to traverse, which was as follows:

Joe Brazil, \$400; Thomas Moore Estate, \$500; V. Mattel, \$2,850.

Surveyor Neuman, one of the three viewers, was sworn as to the facts contained in the report. The property owners or their representatives were present and accepted the sums offered by the viewers report. J. Early Craig, attorney for the Moore estate, addressed the board and stated that in order to clear up certain titles in the property, he would file a friendly suit in the courts of Santa Cruz county within the week.

The report of the views was accepted, on motion of Thompson, seconded by Casey, and the district attorney was instructed to prepare the necessary papers ordering the payment of the money for the above property owners for the rights-of-way granted.

Superintendent of Schools Roy W. Cloud submitted his report for the school year 1915-1916, showing the enrollment in the kindergartens, grammar and primary and the high schools of the county. The report was received and ordered filed.

This being the day for hearing the report of the viewers on the Ridge or Summit road, District Attorney Swart read the report, showing the amount allowed the owners of the property over which the proposed road is to run, which was as follows:

Julia Morrison, \$350; the Lehehan Estate, \$250. Henry J. Butts, one of the viewers, was sworn and testified that he considered \$350 a just compensation to Julia Morrison for the right-of-way over her property.

The Spring Valley Water Company, the Empire Mines and Investment Co. and A. G. McFarland had granted the necessary strip over their property for the right-of-way.

The report of the viewers was accepted, on motion of MacBain, seconded by Thompson, and the District Attorney was instructed to prepare the necessary papers providing for the payment of the money to the property owners for the rights-of-way granted.

William Lawrence, superintendent of the Spring Valley Water Company, addressed the board and suggested that some other name be given the summit road, inasmuch as there are at least a dozen roads in the county by the same name.

Acting upon the suggestion, the board decided, on motion of Brown, seconded by MacBain, to offer \$10 for the most appropriate name for the above road, the names to be submitted not later than August 15th.

A communication was received from Edward M. Chadbourne of San Francisco, offering to construct a bitucrete wearing surface on the Hillsborough to Poor Farm road for the unit price of 1 and 16-100 cents per square foot, the figures covering an application of one and one-half gallons to the square yard. The cost of the work would amount to approximately \$1177.60. Accompanying the communication was a letter from Eaton & Smith, the contractors, on the above road, offering to make a deduction of three-quarters of a cent if the oil and screenings are omitted from their contract.

The matter was referred to Engineer Neuman to report at the meeting of the board, July 24th.

County Engineer Neuman presented plans and specifications for oiling and macadamizing Seminary avenue west of San Mateo. The plans and specifications were adopted, on motion of Brown, seconded by Thompson, and the clerk was instructed to advertise for bids.

The county engineer also presented plans and specifications, which were adopted, on motion of MacBain, seconded by Casey, for macadamizing and paving Laurel and Mills avenues in Menlo Park.

A communication was received from the department of Public Health Service of the United States, calling attention to the discovery in San Mateo county of a plague infected

ground squirrel, which will necessitate the carrying on an active campaign in the county. The writer of the letter requested the date of the next meeting of the board, so that he may be present and secure the county's financial support in carrying on the campaign.

On motion of Thompson, seconded by MacBain, the county treasurer and auditor were directed to transfer the sum of \$5185.52 from the Pescadero-San Gregorio road fund to the Pescadero-Santa Cruz county line road fund.

The board adjourned at 12:10 p. m. for the noon recess.

The Afternoon Session
The board reconvened at 1:30, all members being present.

Supervisor MacBain addressed the board in the matter of providing Miss Bailey, the county librarian, with an other room. Miss Bailey, who was present at the organization of the Bar Association, the doors of the library had been kept open all night and she had no place in which to keep her office books and records. This brought District Attorney Swart before the board, who stated that he did not consider it a wise policy to allow the door of the library to remain open all night. He called the board's attention to a number of law books that had been taken from the room some time ago and the name "San Mateo County Law Library" removed, also to another valuable book that about fifty pages had been cut from the middle of it.

In view of the above straitening conditions, the board decided, on motion of Thompson, seconded by Brown, to instruct the trustees of the law library to appear before the board at the meeting of August 7th for a hearing in the matter. It was also decided to keep the library open only in the day time between the hours of 9 a. m. and 5 p. m.

On motion of Casey, seconded by MacBain, Miss Bailey was given permission to use the office recently vacated by Surveyor Neuman, in addition to the one she now has in the library room.

The board adjourned at 2:20 to meet as a Board of Equalization.

The Board of Equalization met, all members being present.

Attorney William J. O'Connell of San Francisco, appeared before the board in behalf of Mrs. Mary Tobin, who had presented a petition at the last meeting asking for a reduction in the assessment of her property located in the First Township. O'Connell submitted figures showing that the receipts for the yearly rentals of the acreage under cultivation was \$10,296. The taxes on the property amounted to \$4,182, which left a profit, according to the figures, of less than three and one-third per cent of the assessed valuation. He asked for a reduction of ten per cent in the assessment of the cultivated portion of the land and twenty per cent in that part uncultivated.

Assessor D. P. Flynn, who was called, reported that the assessment on the Tobin property was the same as all the adjoining property.

The board, on motion of MacBain, seconded by Thompson, denied the petition.

R. F. Chilcott addressed the board at this time in the matter of the inadequate help allowed the county assessor to carry on the assessment work during the year. "In a county where the assessed valuation is \$35,000,000," said Mr. Chilcott, "the assessor is allowed but \$7,000 to run his office, which is one of the most important in the county."

George A. Rich addressed the board in reference to the assessments on five different subdivisions which he owns on the coastside near Halfmoon Bay. One of these subdivisions at Delamar consisted of 1077 acres, of which 254 acres had been sold before 1906. The persons who bought the property were at the present time all residing outside of the state. Their assessment was \$50 a lot. The total assessed valuation of the remaining unsold portion was \$15,500. Rich asked the board to raise the assessment on the 254 lots sold and reduce the assessment on the unsold ones \$6,800, making his assessment \$8,700.

None of the members of the board could see the justice of raising the assessments of the owners of the property living outside of the state.

"I can't see what right we have to raise the assessment of property owner's just because they don't live in the county, so we can lower Rich's assessments," said Supervisor MacBain.

"It would be a bad precedent," added Supervisor Brown, "and others would come to us and expect similar action. It isn't manly, nor honest, nor fair, and I wouldn't stand for it one minute."

A communication from Mrs. Rose Weinberg of Burlingame, asking the board to look into the assessment on her property in the above city, was received and ordered filed.

The board adjourned at 3:00 p. m., sine die.

CITY OFFICIAL, PAPER

D. E. O'KEEFE, Editor and Proprietor

SAN MATEO COUNTY'S PLACE IN THE POLITICAL CAMPAIGN

The 1916 campaign will open officially and in earnest within the next few days, and the first question that arises naturally is, "Who will be our next president?"

The condition of affairs in the United States, with its own intimate problems and the numerous foreign issues arising from day to day makes the choice of chief executive a very serious matter of far-reaching results. We do not overlook this situation, but acknowledge it, in announcing that in accordance with the traditions of this paper we shall support for president the regular Republican nominee, Charles E. Hughes of New York.

The balance of power will be a great factor in this campaign. Who will secure the scattering vote, and upon what presentation of facts or logic? The evidence necessary to be introduced to cover this point, if studied between the lines, will be an interesting portrayal of political methods.

The presidential contest itself may be a hard-fought game. Under a smooth and diplomatic surface may run the deep waters of strategy and generalship. Yet the result will depend upon no one element but upon the combination of every favorable vantage. It will be a big contract to conduct the campaign successfully and bring one's candidate safely through as a winner.

What will the arguments be? Will they stand the test of reason or will they be as dust thrown up to obscure real objects? We have faith that the Republican party will meet the issue fairly and will present the case in such a manner as to command the confidence and votes of the people.

In the last analysis the ballot will decide—voters will form their own conclusions and act accordingly, as they have the right to do. The last appeal will be to the individual. And this campaign, of all that has occurred for a quarter century, should bring out the most honest convictions, the best ideas and presentation thereof, that could be placed before an interested constituency.

San Mateo county has an important distinction this year through the home of William H. Crocker of Hillsborough, member of the National Republican Committee. By virtue of that position as well as owing to his vast financial and other interests through the state, Mr. Crocker's influence will be very great and strongly felt. As a Republican he is a giant among giants. Where others request he can command, on account of his standing in the community and thorough knowledge of every circumstance affecting the campaign. He has loyal friends. What he says "goes."

The San Mateo county line-up will therefore be under the lead of big men. No capable and honest Republican candidate for office need feel at all uncertain concerning his prospects or his affiliations. He will be in a strong crowd with a splendid chance to win.

There is no doubt but San Mateo county will be strictly in the line-light before the campaign is over. Presidential nominee Hughes will be next door to us if not strictly with us during his swing around the circle extending to the Pacific Coast and San Francisco. And the Senatorial and Congressional candidates will find plenty work here for them to do. It will be the one great epoch-making campaign of recent years.

IT'S SENATOR JOHNSON NOW

M. B. Johnson, or rather Senator Johnson, if you please, is a very lucky individual. He is the only candidate for Senator in the territory embracing the counties of San Mateo, San Benito and Santa Cruz and is therefore practically elected. The voters will on August 29th ratify the election. He is a Republican nominee. The Democrats, Socialists, Progressives and Prohibitionists failed to make nominations. Thursday was the last day to file nomination petitions.

SAN MATEO GIRL TO TEACH AT BELLEVILLE

Miss Mary Lennon Begins Her Duties at Belleville Monday

Miss Mary Lennon, a graduate of the San Mateo High School and the San Francisco Normal School, has been appointed a teacher in the Belleville school. Miss Lennon was here on Thursday on her way to the scene of her new duties. The school opens on Monday for the fall term.

ED. STEINBURG INJURED

Edward Steinburg, a former La Honda boy and a mining engineer of ability, met with a sad accident in a mine in Virginia City on July 4th. He was down a shaft of 2500 feet when the accident occurred. He was frightfully crushed from his hips down. He is in a Reno hospital.

BETTER LEAVE WELL ENOUGH ALONE

Annexation or the merging of San Francisco and San Mateo county is the all absorbing topic of conversation. It is debated on the streets, trains and even in the jitney. Arguments are offered on both sides of the question but all the people of San Mateo county want to be shown. They desire to learn the benefits to be gained by such a merger. Those behind the movement in San Francisco will have a big task to perform in convincing the people of the peninsula that they would be benefited by annexation. San Mateo county now boasts of the best roads in the state, the taxes as low as they are in any other county of California, every municipality is well supplied with water, gas and electric light rates are not exorbitant, the transportation service is good, so what more does the county want? Will annexation make better roads? Decidedly not. Better leave well enough alone and remain as we are.

The people of San Mateo county should begin an active campaign at once to secure the site for the proposed new naval academy to be located somewhere about the bay of San Francisco. Congress has made provisions for the creation of a commission to report on the advisability of the establishment of an academy on the Pacific Coast. The commission is to report on the best location and probable cost. Ravenswood has the best possible site about the bay, securely sheltered and sufficient water to admit the largest vessels. This is certainly an ideal site. The locating of the academy there would be a big advertisement for the county as well as increasing the property assessments in that part of the peninsula.

The movement for the annexation of San Mateo county to San Francisco will not be helped any by a remark dropped the other day by Chief of Police White.

A police detective, who had been caught in an underhanded bit of police-court chicanery, was punished by being sent to patrol a beat in the residential district. Chief White remarked that when San Mateo county is annexed the culprit will be sent to weary away the rest of his days as a San Francisco police officer in that district.

This brings to mind the question which is now puzzling San Mateo county residents—what benefits will they derive from being annexed to San Francisco?

From where we look the situation over we can't see that anybody is going to gain, but we do see a big possibility for San Mateo county to lose. The present San Francisco administration might give it a square deal, but imagine the effect another Schmitz rule might have. We believe that San Francisco will have to offer something better than her name before she can expect the peninsula county to lose her identity.—Palo Alto Times.

HOW LONG, O LORD?

For more than a century, save through the few years that the iron hand of Diaz held the renegades around him by the throat, Mexico has been the prey of her own degenerate sons, who while shouting the sacred name of Liberty, have understood the word to mean, so far as they have been individually concerned, merely license for them to eat unearned bread and to pursue their other vices at the expense of credulous fools who do not know that they are the dupes of designing blackguards.

From the day of his indignation President Wilson in the apparent belief that Mexicans are like our own people, with an intimate desire for the right, and with the obstinacy of his nature has seemed determined never to change his mind.

His desire for peace is shared by most of his countrymen. So is the desire to enjoy good health, but there comes times when only a surgical operation will save the patient, and Mexico is so filled with the distempers that fattened upon the decaying civilization that in the judgment of those who most intimately know how hopeless the case of Mexico is, the surgical operation has been too long postponed.

There is a conclusion which civilized people long ago reached, which is that a strong country that will not protect its own citizens is not fit to exist, and today the manhood of the United States is humiliated before the spectacle of the moving picture that for three years now has held the Mexican stage of murdered American men and women and the ambushing and massacre of American soldiers.

The best way to extend charity to persons who are in need is to give them work. Don't give any able bodied man a penny or a mouthful unless he works for it. By this the man retains his self-respect, and the profession of the tramp is not encouraged. If a man needs help and is able to work and you are tempted to give him something don't do it. But instead give him work. Odd jobs can always be found, and set him at these. We do not advise refusing to relieve hunger, but we do advise that it be done in a manner that will not breed dependence in men. If everyone would do this all over the land, the country would soon cease to be the paradise for tramps that it has been.

Do you clean your teeth and then expectorate in the wash bowl?

MARCUS DEPARTMENT STORE TO HAVE NEW FRONT

Will Include Shoe Department Now Managed by Milton Marcus

The Marcus department store on Broadway is to be remodelled and enlarged and transformed into one of the most modern concerns in the county. A contract has been awarded for the work. One of the striking features of the proposed improvements will be a beautiful arcade front. The interior of the building is also to be remodelled. Mr. Marcus is arranging with eastern wholesale merchants to put in a very large stock of goods, the equal of any in the county. The Marcus' shoe store now located at 159 Main street will be remodelled and consolidated with the department store after the new arcade front is completed. The shoe department, to be conducted by Milton Marcus, will be one of the big features of the place. The Marcus department store has been in existence for 13 years during which time it has enjoyed a big business.

WOODSIDE NOTES

Mr. and Mrs. Joseph A. Donohoe are receiving the congratulations of their many friends on the arrival of a baby girl at their home late last Monday evening. Mrs. Donohoe, nee Cunningham, and the daughter are progressing nicely. Grandma Folger is very proud of the little Miss.

Robert Frank has disposed of his property recently purchased from Dr. J. L. Ross in the Ross tract. Mr. Frank made a handsome profit in the deal.

The Fleishhackers have returned from an extended visit to their resort on Feather river.

Doctor McKee and family returned on Wednesday from Capitola where they spent two weeks. Mrs. C. Hooper, Mrs. McKee's sister, will leave today for the same place to spend a fortnight.

Miss Mabel Squires, formerly of Woodside daughter of George Squires former newspaperman and counsel of the Southern Pacific Company, has joined the ranks of the Red Cross nurses under Miss Margaret Scott of Los Angeles, who has started a new class in first aid to the injured. More than three hundred young women are studying under Miss Scott. In case of war the students will become Red Cross nurses.

Mayor James Rolph of San Francisco has awarded a contract for the construction of a large swimming pool at his home above Portola. The stipulated price of the contract is \$5,985. Mr. Rolph is making extensive improvements at his country place. He delights to live here and usually spends the week ends there. He likes to get away from the political strife of the metropolis.

Jensen vs. Krigbaum Dismissed
The action entitled Peter Jensen against Marcellus Krigbaum has been settled out of court. The notice of dismissal of the suit was filed in the county clerk's office yesterday.

DOINGS ABOUT THE COUNTY OFFICES

Matters of General Interest to Litigants Culled from the Public Records.

Chambers and Healy, the contractors, have brought suits against 32 defendants to foreclose street assessment liens on property on Roosevelt avenue and Oak avenue, Redwood City.

Marriage Licenses
Alfred Joseph Grossman, aged 30 and Harrie Derr, aged 30, both of San Francisco.

Joseph F. Simon, aged 23 and Elizabeth T. Schafer, aged 22, both of Portland.

Builder's Contracts
The following builder's contracts were filed in the county recorder's office during the week:

J. W. Walker agrees to erect for H. C. Cassen in 60 days a four-room bungalow at South San Francisco for \$1,132.

Suit Over Water Rights
The Ormandale Company has commenced an action in the superior court against James Rolph Jr., the estate of Antoine Borel, the American Land and Water Company and a number of other defendants to determine certain water rights. All defendants own property along the Corte Madera creek at Portola and the suit is brought to determine plaintiff's proper portion of the water in the stream. It is said that Mr. Fitzgugh, the capitalist of Woodside who holds a big mortgage on the Ormandale Stock Farm property, is behind the suit.

Hanson Inheritance Tax
The administrator and administratrix of the estate of W. H. Hanson, deceased, have paid \$50,000 on account of the inheritance tax due from the big estate to County Treasurer P. P. Chamberlain. By paying the money at this time the estate saves nearly \$2,000. The inheritance tax appraiser has not filed his report yet and when he does a further sum will be received by the state.

Judge Buck has appointed Margaret E. Darling guardian ad litem of the person and estate of her daughter Pearl Darling, aged 16 years. The girl through her guardian has brought an action against J. J. McDonald and others to recover damages in the sum of \$3,375 for injuries received on May 31, 1916. The girl was run down by an automobile driven by defendant, McDonald on the highway above San Mateo.

New Actions in the Superior Court
G. Martara has brought an action in the superior court against Frank Armenio and others to have the partnership existing between the parties to the suit dissolved. The litigants were engaged in raising vegetables for the market at San Mateo. Plaintiff alleges in his complaint that the books of the concern are in possession of the defendants. Plaintiff asks that all the property of the concern be disposed of and the proceeds divided among the partners equally.

George D. Squires, the attorney, has petitioned the superior court to have vested in him a homestead of property in Redwood City as the surviving spouse of Annie E. Squires.

Divorce Suits
Ferdinand Butzmann has commenced divorce proceedings in the superior court against his wife, Charlotte Butzmann on the grounds of extreme cruelty and desertion. The couple was married in New York City in 1909. There are no children as a result of the marriage, neither are there any community property. Plaintiff resides in Daly City. F. A. Reynolds is the attorney for Butzmann.

Judge Buck on Thursday granted a final decree of divorce to Mathilda A. Peterson from her husband, Charles J. Peterson. The interlocutory decree was granted on June 22, 1915 on the ground of wilful desertion. By the terms of that decree the custody of the minor child, Harold Peterson, was awarded to plaintiff. Defendant was ordered to pay plaintiff the sum of \$25 per month for the care and support of the minor.

Reed Estate Closed
W. H. Reed, administrator of the estate of James Reed, deceased, has filed his petition for distribution and amended account. The final account was allowed and settled on April 1915. The court at that time permitted the administrator to file and amended account which shows the sum of \$13,336.52 in the hands of the administrator while the sum distributed amounts to \$5,317.71, leaving a balance of \$8,018.81 in the hands of the administrator. The sum of \$1,500 was allowed William Bias as the administrator of the Elizabeth Reed estate and a like sum was given him for the services of his attorney. The Reeds were old residents of Pescadero leaving a large estate when they passed away. They had no children but left a great number of devisees among whom are Cornelia Hubbard and Mary Owens, sisters of Mrs. Reed, who reside at Pescadero. They each inherit one-fourth of the estate, less \$3,000 each which they have already received from the estate.

Letters of Guardianship
Mary F. Dickie through her attorney, James T. O'Keefe, has applied in the superior court for letters of guardianship upon the person and estate of Margaret Flynn, an incompetent person, aged 80 years.

Mrs. Flynn is an old resident of Redwood City and is the widow of the late William Flynn. The estate consists of money in bank and certain realty in Redwood City valued at about \$2,000.

Gertrude Whitwell has applied in the superior court for letters of guardianship upon the person and estate of Frances S. Howard, an incompetent person. The regularly appointed guardian, Anna A. Howard, died last week and it became necessary for the appointment of another guardian. The petitioner is a sister of the incompetent. Miss Howard was declared by the superior court of this county incompetent last year. Her estate is valued at about \$350,000.

Superior Court Orders
Excelsior Redwood Company vs. Clinton Construction Company. Motion for a change of venue denied.

Katherine Ratto vs. Peter Ratto. Interlocutory decree of divorce granted plaintiff.

Anne E. Hammond, et al vs. Blanche E. Amweg, et al. Plaintiff given judgment to foreclose mortgage on property in University Heights. M. Sheehan was appointed commissioner to sell the realty.

The People vs. August Correlia. Information filed and July 25th set as the time to plead.

The People vs. John McDonald. Trial continued to July 25.

The People vs. John Langdon and J. Maguire. Defendants admitted to probation for a period of one year.

Nellie Pinloff vs. J. A. Pinloff. Order to show cause continued to August 3rd.

Mazello A. T. McCarthy vs. Chas. E. McCarthy. First and final account of Receiver, Francis T. Rapp allowed and settled. Receiver allowed fees in the sum of \$25 and his attorney, J. E. McCurdy fees in the sum of \$50.

New Probate Applications
D. P. Flynn through his attorney, E. F. Fitzpatrick, has applied in the superior court for letters of administration upon the estate of Nellie Peters, who died at Palo Alto on July 4th. The estate consists of cash in bank amounting to \$80. The only heir is a sister residing at St. Louis, Mo. Mr. Flynn is an old friend of the deceased and has consented to act as administrator.

James Lake has applied in the superior court for letters of administration upon the estate of Mamie Casey Lake who died on April 3, 1916. The estate consists of real property in the city of San Mateo and the County of San Mateo valued at \$5,000. The heirs at law are the petitioner, husband of the deceased, John E. Casey and W. W. Casey, brothers residing at San Mateo, Ellen Coleman of Taft and May Lovie, Sacramento, sisters. Ross and Ross are the attorneys for petitioner.

Eugene Maracaci has applied in the superior court for letters testamentary upon the estate of Anna Roemer, deceased. The estate consists of real and personal property in the county valued at less than \$10,000. The deceased left a will bearing date of April 26, 1912. The legatees under the will are Joseph Valdivia, Colma; Maria L. Sala, a sister and the petitioner, Eugene Maracaci, a grandson. R. S. Thornton was named in the instrument as executor but he has declined to serve.

Probate Court Orders
Estate of Charles N. Felton, deceased. Exceptions to inheritance tax report submitted.

Estate of C. N. Felton, deceased. First and final account and petition for distribution continued to August 16.

Estate of Joseph Cantania, deceased. Petition to set aside estate to widow granted.

Estate of Carrie A. Locke, deceased. Petition for partial distribution granted.

Estate and guardianship of W. J. Ahlert, deceased. J. P. Ahlert appointed trustee with bond fixed at \$1,100.

HOADLEY ADAMS PROMOTED

Hoadley Adams, the popular Wells Fargo employee, has been promoted from Redwood City to the San Francisco office and is at present doing regular work on the trains, his run being from San Francisco to Oakland, thence to San Jose, and to Santa Cruz on alternate days. Redwood City agent G. B. Merrill, himself a "Fargo" man of great experience, showed an interest in Hoadley, put him through all the paces, called him directly to the attention of the city officials and urged his promotion on the score of reliability and efficiency.

COMMERCE CHAMBER BUNCH OF BOOSTERS

Lots of Big Work Planned and Everybody Determined to See it Through

There was lots of "pop" in the Tuesday meeting of the Chamber of Commerce. Of its two hundred members in good standing an active representation was in attendance. Prominent speakers who took part in the proceedings were Mayor Edward H. Sampson, City Trustee Geo. A. Merrill, George H. Irving the land agent and peninsula promoter, F. H. Drake an enthusiastic worker with sound ideas, who acted as chairman pro-tem, owing to the absence of President Charles G. Landscheit in San Francisco; R. F. Chilcott, D. R. Stafford, A. D. Walsh, and H. L. Williams. Others present who showed an active interest were District Attorney Franklin K. Swart, City Trustee George W. McNulty and Carl K. Mabie, F. J. Zimmerman the contractor for buildings at the aviation grounds, L. E. Beck the prominent citizen, P. A. Ryan whom everybody knows through his promotion activities, Carl Muller the merchant, Ed. T. McGettigan the efficient Board of Trade secretary and newspaper man.

No finer body of boosters could be desired for any town. The enthusiasm was there, the desire for actual progressive action in the interest of the city. But bridges cannot be built in a day, nor docks, nor great arteries of travel, so that restraint became a necessary but irksome virtue. District Attorney Swart helped smooth out the rough places and add of his information wherever it seemed advisable.

The principal topic announced for the evening was that of municipal docks. It appears that three sites have been suggested but none actually determined upon—one at the foot of Holder street, one on the opposite side of the creek, and the third at the foot of Chestnut street extended to deep water. Each scheme has merits and its partisans, but as the city trustees will have the final power the whole matter was passed along to them coupled with the consideration that whenever the question was to be up for action the Chamber of Commerce be duly notified so that its representatives could be present.

The question of opening up an additional highway from Redwood City to San Bruno crossing and east of the present thoroughfare was brought up and promptly endorsed. City Trustee Merrill explained this proposition to be, not the construction of an entirely new artery of traffic but the completion and surfacing of already existing roads and adding connections where necessary to make a continuous thoroughfare east of the present State road and extending from Redwood City to San Bruno.

On motion of D. R. Stafford the boards of trade of Pleasanton, Livermore, Niles and Newark will be notified that Redwood City will advocate the use of the Dumbarton route concerning any movement for bridging the bay, on the grounds of the shortest, most direct, attractive and practical entrance to the metropolis. The matter will not be allowed to drop but will receive the study and action that its importance deserves.

Great interest was shown when reference was made to the new scenic boulevard or "Ridge road" proposed to be constructed from the Cliff House at San Francisco thence through San Mateo county to the "Big Basin." There's a scheme that is a "scheme worth thinking over." The metropolis at one end, the great redwoods on the other, over a scenic drive commanding a 30-mile view of bay, valley and ocean. Such a thoroughfare will be a world wonder. The giant redwoods alone, so near at hand to a seaport city, would make it so.

Chairman F. H. Drake called special attention to this matter and urged the members to be ready and have our road systems planned to connect with all these proposed highways. Redwood City is a natural civic center. All roads lead to it and through it. There is no question as to that fact, but a firm hold should be kept upon the idea and good results elaborated as often as possible.

On motion of H. L. Williams the Chamber declared a half-holiday for today, Saturday, from 1 to 6 o'clock p. m. During that time all stores will be closed, in order to allow everybody to participate in or view the "preparedness" parade in San Francisco. To illustrate some of the unseen yet painstaking work which members of the Chamber of Commerce are called upon to forward, during the evening final arrangements were being made under the phone by President Landscheit and the Parade committee in San Francisco and Secretary McGettigan. In this manner the details of Redwood City's participation were closed on the instant and officially.

Secretary McGettigan was instructed to have signs prepared to indicate the route to the aviation field. Also to have 200 American flags ready at the depot Saturday morning for use of those who intend to join the San Francisco parade, and to arrange for attendance by the Redwood City municipal band.

LICENSE QUESTION REFERRED TO PEOPLE

Town Trustees Ask Saloon-men To Invoke Initiative This Week

A petition signed by twenty-one saloon proprietors and endorsed by thirty-six business men requesting the board of town trustees to reduce the retail liquor license from \$500 per year to \$300 and also make some concessions in the Sunday closing was passed back to the saloon men for them to invoke the initiative and bring the question before the voters, at a meeting of the city council Monday night. Trustee Merrill stated that the raise from \$125 to \$500 per annum had been made a platform on which three members of a former board had been elected, and as the people, themselves, had set the license, he believed it was up to the people to change it.

A. J. Fromm spoke at some length for the saloon men in favor of extended business hours on Sunday to get their share of the Sunday evening transient auto trade that they were unable to serve at present. The board did not look with favor upon opening saloons on Sunday evening. Trustee Merrill answered his argument with the statement that the Sunday closing section of the liquor ordinance was put in at the request of the saloon men themselves and as it had been an action of the board he felt it might be changed by the board, but he could not see the need of it.

C. J. Hynding who had circulated the petition also addressed the board and stated that because of a lack of business the saloon men were unable to make anything while having to pay the high license. He cited several instances where large investments were not paying interest because of business conditions in that line of business.

Trustee Merrill urged that the initiative should be invoked at as early a date as possible so that the loss of revenue from a change might be made up in the budget to be prepared in September. The reduction would amount to \$4,400 per year.

M. E. Ryan, as one of the signers of the petition stated that he believed the request for the reduction to be fair but he did not favor a change in the Sunday closing and would not have signed the petition had he known that clause was in it.

The new chemical fire truck was formerly accepted and a warrant ordered drawn in payment of the new machine. Chairman Sampson had personally inspected the apparatus and checked up the specifications and found everything fulfilled that had been agreed to. He also stated that several things had been put on the car that were not included in the specifications.

The John Horstman Company has about completed arrangements for the purchase of a tract of land in the Diller Addition between Franklin street and El Camino Real. To make their site complete they have offered to give the town a preferred site for Maple street in exchange for the closing of Monroe avenue from Franklin to El Camino Real. An ordinance closing that portion of Monroe ave. was given its first reading. It will be taken up for final passage at an adjourned meeting Monday night.

Trustee Carl K. Mabie was appointed Redwood City's member to the Pugas Mosquito Abatement Commission. Four other commissioners had been appointed by the supervisors at their meeting Monday.

M. Kotler was granted a junk dealer's license subject to the approval of City Marshal Coleman.

W. J. Kidd was appointed to expert the books of the various city officials. Mr. Kidd has been employed in this capacity for several years. The new water rate ordinance came up for preliminary reading, was passed and ordered published.

Upon the suggestion of Trustee Tuchen, parking signs will be placed at the corner of Main street and Broadway where automobiles often block the passage of pedestrians.

THE HONORABLE HENRY WARD BROWN, DECEASED

The following resolutions were unanimously adopted at a meeting of the board of supervisors held last Monday:

"This Board of Supervisors, realizing the distinct loss sustained by San Mateo County and the State of California, in the death of the Honorable Henry Ward Brown, Assemblyman of the Forty-second Assembly District, and recognizing that in the death of Assemblyman Brown this county has lost an able and honorable attorney and a leader in legislation in the State of California, a man who was ever faithful to principle but never subservient to clique; a man who was untiring in his work for better legislation and never animated by unworthy or ulterior motives, and a man who was ever prompted by the highest purposes in his work as a public official and as a citizen,

Therefore, be it Resolved and ordered that a copy of this resolution be spread upon the minutes of this Board and that a further copy be forwarded to the press of the county.

Interesting Paragraphs of General Interest Gathered About the Town

Edward Lawler is quite ill at his home. He became sick during a camping trip to Santa Cruz and on returning last week he became quite ill.

Mrs. Annie Jennings and her attractive daughter left on the first of the week for Feather River for a short vacation.

Miss Margaret Duff and Miss Carmelita Duff left Monday for Phillips, El Dorado county, where they will spend their summer vacation. They will join Miss Isabelle Duff and Miss Josephine McCormick there.

Rev. Hugh Montgomery, rector of Trinity Episcopal church, accompanied by his wife and little daughter, left during the week for Santa Cruz and a camping trip to extend over a period of a month.

Doctor James G. Sharp and wife returned yesterday from Fallen Leaf Lodge, Lake Tahoe, where they have been since July 2nd. They enjoyed the outing. Their new home at Atherton was completed during their absence.

The board of supervisors on Monday last advertised for bids for paving with oiled macadam, Mills avenue and that portion of Laurel avenue between Ravenswood and Glenwood avenue. Bids for this work will be opened and the contracts awarded on August 7th.

Mr. and Mrs. Koshland, wealthy New York, left here on Wednesday for Feather River to spend four weeks. They will return to Atherton for a short stay before proceeding to New York. Mr. and Mrs. Koshland are the parents of Mrs. Albert E. Schwabacker of Atherton. They usually spend the summer in California.

The good work done by Supervisor John MacBain on the roads and streets in and about Menlo Park is sure to result in a big vote for him here on August 29. This is as it should be for the splendid thoroughfares have attracted many home seekers who will build here on account of them. The progress along this line may be continued by re-electing Mr. MacBain.

Rev. J. J. Harrington, formerly assistant pastor of the Church of The Nativity and for some years the assistant pastor of St. Brigid's church in San Francisco, has been promoted to the important position of assistant pastor of St. Mary's Cathedral. Father Harrington is an able speaker, a devout priest and a strenuous worker and deserves the promotion. His numerous friends in Menlo Park are pleased to learn of his success.

Mr. and Mrs. James L. Flood, Miss Jennie Flood and Miss Mary Emma Flood are home from their long trip to the north. They went by automobile, making a visit at Feather River Inn, Plumas county and other charming resting places along the highway. They are so much pleased with country life and motoring along the streams and highways in the forests of the state that they went for another motor trip Wednesday, going to Weber Lake Country Club, in the Sierras, along the boundary. They go by way of the difficult but picturesque Tiago road.

Captain William B. Collier, retired capitalist and former superintendent of the United States Indian Service of the district west of the Mississippi, died last Sunday after an illness of a week. He was 71 years old. Captain Collier fought through the Civil War and afterwards went to West Point. He was one of the organizers of the artillery branch of the National Guard. He retired two years ago because of ill health. Mr. Collier was the father of Mrs. Atherton Macon-dray, well known here. Mrs. Macon-dray after her marriage many years ago to Mr. Macondray resided in the Russell cottage for two years making many friends during her stay.

DEMOCRAT FROM MENLO PARK CHANGES POLITICS

J. B. Kelly is Tired of Watching the President Wait

J. B. Kelly of Menlo Park, one of the wheel horses of the Democratic party for nearly a quarter of a century and a member of the county central committee for a number of years has registered as a Republican. The deputy in the county clerk's office who has been accustomed for years to write "Democrat" at the end of the Kelly name on his registration certificate nearly collapsed when Mr. Kelly declared his party affiliation as Republican. Mr. Kelly is heartily weary of the "Watchful waiting policy" of President Wilson and wants no more of it. Mr. Kelly is converted to the protective policy of the Republican party and hereafter will align himself with that political faith. In the past he had done yeoman service for the Democratic party in the county, though he has never held any political position.

NOTICE TO BIDDERS

Office of the Clerk of the Board of Super-

visors, San Mateo County, California, July

10, 1916.

Sealed bids will be received by the Clerk

of the Board of Supervisors of San Mateo

County, at his office until 10 o'clock a.m.

Monday, August 7, 1916, for the construction

of macadam shoulders along the Redwood

City to San Gregorio Road, from Station

131550 to Station 214500, Route 6, Division

1 of San Mateo County Highways, a distance

of 1.543 miles, located in the Third Road Dis-

trict.

Plans and specifications for this work are

on file in the office of said Clerk of said

Board, to which bidders are hereby referred.

All bids must conform with the proposal

sheet to be obtained from the office of the

County Surveyor of said County, at Redwood

City, must give the prices proposed, both in

writing and figures, and must be signed by the

bidding with his address.

The bid is to be accompanied with a cer-

tified check or cash for the sum of \$100.00,

total of the bid, upon the condition that if

the bid shall be accepted, the party bidding

will only enter into the contract and fully

perform his contract in accordance with his

bid and the plans and specifications. Such

check shall be made payable to the County

of San Mateo.

A common law bond will be required for the

faithful performance of the contract in such

sums shall be fixed by the said Board of

Supervisors. The bond must be in the sum

of not less than one-fourth (1/4) of the

estimated amount of the contract, and must

be furnished as required by the terms of an

act entitled "An act to secure the payment of

claims of material men, mechanics, or

laborers employed by contractors upon state

public work or other public works approved

March 27, 1897, and acts amendatory thereof.

The contractor to whom the contract may

be awarded will be required to appear at the

office of the County Surveyor with the sure-

ties offered by him, and execute the contract

within ten (10) days from the date of the

mailing of a notice from the County Surveyor

to him that the contract is ready for signa-

ture, and in case of failure or neglect to

do, he will be considered as having abandoned

the bid and the plans and specifications. Such

bid shall be made payable to the County of

San Mateo.
